WELCOME!

Thanks so much for joining us today, it's so special to have you out in the countryside with us all.

I've always dreamed of this. I want to be inspired by my work and that doesn't mean a conference room in London. No screens, hopefully sunshine and some very inspiring conversation.

Just in case you're not familiar with what we do at Up World, here's a bit of info.

Our most popular community, and probably one you're already part of. The Slack channel is brilliant for getting peer advice and human recommendations, our mentoring programme gets rave reviews, and we have regular events both online and IRL (like this one!) where expert marketers dish out advice and learnings you can't get anywhere else (not even by asking Claude!).
